CIV Permaculture Training Program 2010

CIV is a year-long course undertaken on a part-time basis. There are specific Training Workshops as listed below, as well as regular meetings for group work, project design activities and meetings with clients. Meeting times and dates will be decided as we progress through the course. A final weekend workshop is scheduled for early November to enable completion of all work to satisfy the requirements of the course.

Workshop week - Mon Feb 15 to Fri Feb 19, 2010.

Unit
PPP01B Provide advice on permaculture principles and practices
DES02B Design a rural permaculture system
DES03B Design an urban permaculture system
BUI05B Select appropriate technologies for a permaculture system
RTC4905A Cost a project
RTC4911A Operate within a budget framework

Modules: Customer Service, Permaculture Design Strategies, Designing, Budgets and Costs, Research Techniques

Workshop 2 - Sat and Sun, March 6 and 7.

Unit
BIO06B Identify and analyse bioregional characteristics and resources
COM10B Recommend approaches for sustainable community and bioregional development
BUI04B Plan for the implementation of permaculture work

Modules: OHS Policies, Appropriate Technology, Bioregions, Sustainable Communities

Workshop 3 - Sat and Sun, March 27 and 28.

Unit
RES07B Design harvesting and storage systems for permaculture products
IPA08B Implement and monitor animal health and welfare programs for a permaculture system
RES09B Manage a permaculture seed bank

Modules: Permaculture Products, Animals Health and Welfare, Seed Collecting

Workshop 4 - Sat and Sun, November 13 and 14.

Final assessments, project submissions, training completed.

All SCOPE sheets, programs and unit outlines will be given out during WS 1.
